## Summary

I am a highly motivated and skilled software engineer with a Bachelor's degree in Software Engineering from Al-Yarmouk Private University, graduating in 2019. Specializing in e-commerce development and technical support, I'm proficient in utilizing tools like Git for efficient collaboration. Known for problem-solving skills, I excel in implementing innovative solutions and ensuring system reliability. With expertise in virtualization technology. Committed to continuous learning, I stay updated with the latest technologies through training, aiming to drive positive impact with my expertise.
